## Worksheet 55

### What's your favourite season?

Look in the *Longman Photo Dictionary*. Write the words.

Read about four people. Which season is each one talking about?

Write the season in the gap.

#### Elif

My favourite season is .....  
I love the long, hot days and I love the long holiday. My children like playing in the park and eating ice creams. I sometimes go to the beach in Southend with my family. Last year in August I went to Turkey to visit my sister and my cousins.

#### Mohamed

I like ..... best. The weather is sometimes very beautiful in October. I think the trees are very pretty when the leaves go red and brown and yellow. My children like starting in a new class at school and learning new things.

#### Sara

I love ..... I really like waking up in the morning and seeing new snow outside in the garden. My children love going outside and making a snowman. I also like seeing all my friends and family at Christmas.

#### James

My favourite season is ..... I like it because winter is finished and the evenings are light again. I don't like the dark evenings. I love the flowers in the parks and gardens and seeing the leaves grow on the trees. My children like playing outside in the evenings again.

What's your favourite season in the UK? Write two or three sentences.

## Worksheet 56

### Weather around the world

Look at the pictures. What cities can you see? Where are they?

Write the names under the pictures. What is the weather like in each city?

Now read about the cities. Write the name of the city in the box.

It is always warm or hot in my city. There are only two seasons. Summer is from May to October and it is always very hot – sometimes 35° or 40°. Winter is from November to April and in the daytime it is nice and warm – usually between 18° and 24°. But it is sometimes very cold at night, so bring a warm jacket if you come in the winter. There is very little rain in my city, but the Sahara Desert is very near and sometimes there are sandstorms. The best time to come is in January or February because it isn't too hot.

In my city there are four seasons, like in the UK, but spring and autumn are very short. In summer the temperature is warm – usually about 23° to 25°, but sometimes it is very hot – about 30°. The winter starts at the end of October. It is very cold, sometimes -10° or -15°. In January and February the days are very short and there is a lot of snow. If you are very cold you can drink some vodka to make you warm again! If you come in winter bring warm clothes and a woolly hat.

Now talk about your city and your partner's city.
